

FREEMAN PET NAT NV

FREEMAN Pet Nat (*Non-Vintage*) is a minimal intervention natural wine and a recent addition to the **FREEMAN** portfolio. It is Vegan Friendly.

WINEMAKING

The fully mature late-ripening Rondinella bunches selected for this frizzante-style natural wine were harvested from the original **FREEMAN** Altura Vineyard and transferred to the winery within minutes for gentle basket-pressing. The free-run juice was drained and fermented naturally in small stainless steel vats courtesy of a generous and vigorous wild yeast.

The unfiltered wine was bottled (under crown seal) before the completion of fermentation (*méthode ancestrale*), guaranteeing a sprightly light effervescence.

TASTING NOTE

FREEMAN PET NAT NV is a seductive natural sparkling wine. A rosy bronze hue it opens with honeysuckle, ginger and brioche notes, then steps up to a creamy, savoury and mellow mid-palate with a lingering whimsical effervescence. Unadulterated and super-sippable!

RRP \$25
